WASHINGTON, D. C., MONDAY EVENING, DECEMBER 8, 1890.

PRICE TWO CENTS.

LOCAL WEATHER FORECAST.

For the District of Columbia, Delaware, Maryland and Virginia, light southerly winds; continued a duster.

A RENTED COAT.

WE do NOT rent full-dress suits. Neither do we take them back after an EVENING'S WEAR and refund the money. We used to give purchasers of full-dress suits that privilege, but we found that a great many persons took advantage of the arrangement in order to have the use of a suit for nothing. Therefore, the full-dress suits we sell are NOT returnable.

Every man who uses one at all should OWN one. The cost is very little if you buy it of US, and we will give you just as good material, as perfect a fit and as stylish in cut as the very best custom tailor. Try us and see.

—APPROVE THE SINGING OF

THE BIRDS.

In these times of the apparent insecurity of many securities, the singing of the birds is a very safe investment. It is a surety of all safe investments. There are a few of the birds.

You pay in small installments.

You get 100 birds.

You get from 4 to 5 per cent. compound interest. You secure protection.

Your birds receive the amount of your policy when you die and you receive nearly as much again as you pay if you should live until it matures.

You also receive this money when you may want it most—in your declining years.

Why hesitate about making such a safe, sensible and profitable investment? You cannot do better with your money. Make your life insured.

GOVERNMENT GOSSIP.

NAVY NOTES.—The Charleston arrived at the Naval Yard Saturday afternoon.

Assistant Naval Constructor Lloyd Bankson has been ordered to duty at the Naval Yard, Philadelphia, in connection with the new ships which are being built there.

Assistant Naval Constructor George W. Street has been ordered to report at the Naval Yard on January 1st.

The arrival at this morning. This is regarded as indicating a most satisfactory condition of affairs among the Indians, and it is believed that from now on the situation at the various Indian agencies will improve steadily.

A dispatch received this afternoon confirming the press dispatches of this morning in regard to the general pow-wow which is to be held by the Indians.

ALIEN LABORERS IN THE SOUTH.—Many complaints have been received at the Treasury Department in the past few days from Savannah, Norfolk, and other Southern cities that the alien contract law is being extensively violated by the arrival at these places of alien laborers from Canada. They work in Canada in summer, but as soon as cold weather sets in they enter into contract for the winter with Southern employers.

The Treasury Department is practically powerless to prevent the entry of such contract labor from Canada, for while it is forbidden by law there is no provision for enforcing it as there is a dearth of the necessary inspectors.

RECORDS AND PENSION.—Captain T. Alsworth, in charge of the Record and Pension Division of the War Department, to day submitted to the Secretary his report of the work done by his division during the past fiscal year.

In his report he states that the first year's history of the Record and Pension Division has shown that it is possible to estimate an important branch of the office from an enormous rearrangement of work, and that without the addition of a single clerk or the expenditure of a dollar to the regular appropriation. During the year 1889-90 cases have been disposed of and the work done by the clerks is spoken of very highly. In concluding his report, Captain Alsworth acknowledges the encouragement and countenance extended to him by the Secretary of War.

A DRY DOCK ON THE GULF COAST.—The commission which has charge of the selection of a site for the dry dock on the Gulf coast has long been on the board room at the Navy Department for the past three days, but in the absence of Colonel Comstock has taken no action of any kind. It was desired by the commission to begin their work at once, but a series of circumstances have arisen which will necessarily detain them in Washington for some time yet. It is possible that they will leave before the Christmas holidays, but it is far more probable that the first of the year will have arrived before the commission begins its actual labors. The port which they will first visit will most probably be New Orleans, although no report has as yet been made out, nor will it be before Colonel Comstock arrives, and he is not expected to put in an appearance before the beginning of next week.

MARYLAND POSTMASTER.—The quota of postmasterhips in Maryland filled by Presidential appointments has been so small, that the Government has been obliged to fill the number of applicants for executive favor in that State seems scarcely diminished. Those who have not yet drawn a prize in the political lottery are all the more anxious to secure a Government position, and there are a multitude who would be satisfied to be a Presidential postmaster. At present there remain but three Presidential postmasterhips in Maryland, and these have been filled by the Administration, and they are situated at Bel Air, Cambridge and Hagerstown. The appointment of the present incumbent at Bel Air expires on the 1st of January, when the 19th of the same month the commission of the Cambridge postmaster will expire. The postmaster at Hagerstown cannot be reappointed before the 1st of February, as his commission holds good until that date, which does not, however, prevent three being a number of candidates already in the field.

LUCKY DEPARTMENT CLERKS.—Changes have been made in the Department of the Interior as follows: Pension Office, promotions—Miss Pauline Harte, Louisville, clerk, \$1,000 to \$1,100; Herbert E.
